 Bruce Caldwell, Directory  
 Barbara Berg, Scrapbook  
 Dave Johnson, *Bulletin* Editor/Schl Fin

As we wrap up another year at Sno-King Unit 23, we cannot help but indulge in a nostalgic look at the past year. We both remember the Sing Along/Cookie Fest ( a first year experiment) with great fondness. We were enchanted with the Learning Site at the Brightwater Waste Site visit. Remember they will be opening Fall, 2011. And of course, our joint luncheon with SnoIsle and the wonderful Arctic Trek presenters hold a special place in our year in review. We were delighted with the increasing response to Educator Grant requests and we reveled in our choices for scholarship recipients. Education is in good hands with these outstanding young teachers to be!

We suffered one major disappointment, however, when despite our valiant lobbying efforts, the legislature rescinded our Plan 1 COLA beginning next year and the Governor lowered the PEBB health care subsidy. We thank all of you who received our urgent messages and who called and sent emails to try to head off these cuts. It is urgent that we arm ourselves in the coming year to ensure no further erosion to our pension/retirement benefits. In the coming year we will step up our efforts to more strongly lobby our own district legislators before the upcoming session more to follow.

In closing, we both wish to thank our fantastically supportive Executive Board. Without them, none of the

above walk down memory, and so much more, would have been possible. Each of us is presiding for the third time around and we are no less impressed by the superb support we have received. We and you have been so excellently served by your elected Board Members. Vice President Roberta Hawkins shows so much helpful insight in her reflections and she magnificently pulled off the bylaw revision coup. Superwoman, Treasurer Donna Murrish, who also handles all the membership records, manages our club finances and records with such calm and expertise when any normal person would have ulcers! Secretary Cheryl Bauer just keeps the best and most timely minutes that keep us on track and those minutes have answered more than one question for the record. Give them your thanks, too, the next time you see them. And thanks to all of you for a wonderful year!

Erma and Rachel

**THANK YOU!!**

Donations to the Scholarship Fund are gratefully acknowledged as follows:  
 Donations in memory of Cheryl Bickford were made by Gordon Bowers, Linda Fitzgerald, Helen F. Frank, Rachel Lake, Donna Murrish, Sharon Schoenauer, John & Betty Vandenberg, Stan Wiklund, Shirley Williams, and Justine Wood.

Additional donations were made as follows: Jack and Laura Rogers in memory of Dorothy Jean Johnson, Donna Murrish in memory of Dorothy H L Johnson, Sharon Schoenauer in memory of Shirley O'Neil.

SKSR in memory of Helen Bowers, and a donation from Ellie Bonanno.  
 Thank you all for remembering these folks with your gifts to the Scholarship Fund.

## Sno-King Picnic Honors New Retirees on July 21st Edmonds City Park

We invite all members to come to the Sno-King School Retirees picnic to honor those who have just retired.

New retirees and their escorts from Edmonds, Northshore and Shoreline School Districts, will be our special guests at our Annual Picnic. Sno-King members will make a \$5 contribution to help defray food costs. Our Sno-King board furnishes the wonderful picnic fare.

We will be in a covered kitchen area between 11:30 a.m. and up until 5 p.m., so we have lots of time to visit. We will plan to eat at noon. Look for the balloon markers at the entrance and the bright turquoise T-shirts Sno-King members wear.

Educators, who received grants from our Unit this year, are invited to share the results of their grant. Contact Virg Rayton at [rayton@eskimo.com](mailto:rayton@eskimo.com) to let us know if you can attend. We are always amazed how you stretch those precious dollars! We love hearing from you.

Active teacher members: this is a great time to relax after a busy school year and to renew friendships with your retired friends.

Sno-King Members: this is the time to invite some of your retired friends who are not members, when they see what a great group we are, they are bound to want to be a part of our organization.

Please RSVP to Erma Snook 425-776-2067 or [egsnook@comcast.net](mailto:egsnook@comcast.net) by July 13th, so we will have enough food for all.

**See you there!**

**Directions to the Edmonds Park:** Take SR-104 (Edmonds Way) to Edmonds. DO NOT take the arterial off-ramp to Edmonds-Kingston Ferry.) Follow 5th Ave. S. ( toward downtown Edmonds) to Pine Street. Turn left on Pine to 3rd Ave., turn right. Park entrance is on the left. Watch for the balloons and the Sno-King T-Shirts!

### Honoring 29 years!

It is an honor to honor Betty Odle. At every WSSRA State Convention since 1982, Betty Odle has been in attendance! That year she received the first of the Patrick T Hoban Awards (given annually since then) recognizing service to WSSRA above and beyond the call. That year she spearheaded the development and organization of Retirement Seminars and did trainings around the state. She was recently recognized at the 2011 WSSRA Convention in Wenatchee, Washington, for her dedication and endurance and for her 29 years of attendance. Of course, recent conventions seem tame to her in comparison to the very early ones! There were back room goings on and mimeograph machines to make copies of news bulletins and the latest campaign stance before heading out for the latest vote! Thank You, Betty, for representing SnoKing Unit 23 for each and every one of those 29 years!

### AUGUST BOARD RETREAT

The SnoKing Board, will meet at The Foundation House in Bothell on August 10th at 9:00am. We will be planning our 2011-2012 year. We will meet until noon and The Foundation House will provide our lunch. They are always such gracious and generous hosts. Please mark it on your calendar and RSVP to Roberta Hawkins at 206-546-2556 or [rlhawkins@aol.com](mailto:rlhawkins@aol.com). Directions provided when you RSVP, if needed. Please carpool, if possible, as parking is limited.

### Joint SnoKing/SnoIsle Luncheon a Big Hit!

On May 20th the SnoKing Unit and the SnoIsle Unit met for a joint luncheon at the Sno Isle Skills Technical Center Culinary restaurant, Le Bistro. The facility is outstanding and a very appreciative, Chef Becky told about her program and the 15 participating school districts. We had a delightful menu of Chicken Cordon Bleu and Cod Provencal. Our starter was a Greek salad and dessert was Carrot Cake with Cream Cheese. We were offered tours of the facility after the luncheon.

There were 64 people in attendance and we had a great sunny day. Erma Snook, SnoKing and Brenda Leider, SnoIsle greeted the group. Dick Anderson, NW-1 Regional Rep. and candidate for President - Elect for WSSRA , addressed our gathering.

The oral and PowerPoint program presented by Rob Walker and Karen Holm, Betty Odle's niece, was a fantastic accounting of their trek to the Arctic Circle. They are not

*Rob Walker and Karen Holm*

new to expeditionary adventures. It was after their month, 7000 mile Mountain Bike expedition from Seattle to La Paz, Bolivia that they decided to open their own business, Mountain Minded on Lopez Island. On their trek they sewed much of their own panniers ( bike storage packs) and from 1988-1994 they marketed their own designs of expedition quality gear. In 2000, they had a 121 day kayaking adventure from Glacier Bay, AK, 1200 nautical miles and finally clearing customs at Friday Harbor in the San Juan Islands. In 2004 they travelled 1850 miles kayaking around the tip of South America in Chilean Patagonia. And then in 2007 Karen and Rob began a 3 month 1450 mile trek from Skagway, AK to Kaktovik on Beaufort Sound in the Arctic Ocean. This trek took two tries to complete and was finally achieved in 2010. It was a wild, difficult, beautiful and hazardous trip. The mosquitoes, alone, had us all aghast! We

*SnoKing, SnoIsle School Retirees at Le Bistro*

were delighted to be the first to view their expedition at this worldwide premier showing!

SnoKing elected their 2011-2012 slate of officers: Jim Sisco, President, Roberta Hawkins, Vice President, Cheryl Bauer, Secretary and Donna Murrish, Treasurer. It was moved by Virg Rayton and seconded to cast a unanimous ballot for the new officers. Motion carried.

**PAINTING PAIN?—I can help you**

Since retirement almost four years ago and for 25 years before that, we have had the privilege of helping members with their painting needs. References are available from many of them. I would also be happy to help you with your needs. Help is also available to fix some of those small household repairs that need to be done. We serve the east side and north end of Lake Washington. For information call **G.F. Moore Painting (Warren)** 425-466-2729 or 425-485-4570

**PLEASE NOTE**

Beginning with our new fiscal year, July 1, there will be a slight change in designation for making changes in membership records. Erma Snook will now handle the maintenance of these records. So when you have a change in address or wish to sign up for receiving the bulletin via email, or if you're a Snow Bird, please direct this information to Erma at [egsnook@comcast.net](mailto:egsnook@comcast.net) or 425-776-2067

### AN UPDATE ON OUR 2011 WINNIE SMITH MEMORIAL SCHOLARSHIP WINNERS

Emily Blair,  
Washington State University and Inglemoor HS  
Stephanie Dilbeck,  
Western Washington University and Meadowdale HS  
Darlene Germino,  
Seattle University and Lynnwood HS

These students have received the SKSR Scholarship in 2008 and the Winnie Smith Scholarships in 2009, 2010 and 2011. The total amount of monies for each of these recipients is \$4800.

**Emily** writes that she cannot believe that she is through her junior year at WSU. She is pursuing a double major in English and History classes. This school year she joined the Alpha Delta Pi and has been the public relations chair for the sorority. Emily is applying to be the Graphics Manager next year for *The Daily Evergreen*, WSU's paper; she is currently a Graphic Designer. Because she is in the Honors College, Emily is writing an honors thesis and is focusing on one of her favorite books, James Joyce's *Dubliners*. She is excited but also knows that this is a lot of work. She concludes by saying, "Thank you so much for awarding this scholarship to me. It means a lot and greatly aids me in being able to afford to continue my education as tuition costs increase".

**Stephanie** says, "Thank you all very much for your support! I want to let you all know that I have been working very hard during my time in college so far (I earned a 4.0 last quarter)." She serves as the President of the SWEA (Student Washington Education Association) chapter at WWU and as the State SWEA President. Stephanie's continuing plans and goals concerning the field of education include excelling in her classes, student teaching spring 2012 and fall 2012, and then graduating with the hopes of finding a teaching job either in an elementary school classroom or resource room. She loved attending schools in the Edmonds School District from kindergarten through graduating from high school and hopes to be able to find a teaching job near Edmonds right after graduating from Western.

**Darlene** writes that in her junior year at Seattle University she took a course entitled "Education and the Polity". This course explored contemporary issues in education and educational philosophy, particularly the competing visions of the purpose of school and schooling. Through this course, her commitment to providing students with a democratic education has been reaffirmed and concretized. Next year Darlene will take courses applicable to a Social Studies Endorsement as well as a minor in Sociology and applying to the Masters in Teaching Program. She finishes by saying, "Thank you so much for generously supporting me in the pursuit of an education that will allow me to guide others away from the ignorance that perpetuates injustice toward awareness that promotes justice".

### Telephone/Email Alert Team

This past legislative session was a brutal, frustrating session. A large group of our members were part of our telephone/email Alert Team. They deserve a special thank you and a round of applause. There were 5 alerts from our state office, plus we sent some of our own. That special team would immediately call or email their legislator with our message.

Even though the budget eliminated our COLA's, they did receive our messages. There just wasn't enough money, and they did increase the minimum pension payment.

The revenue reports for the state continue to be down so far. It will be another difficult battle this year. We are hoping to double our Alert Team. It means that every one would continue to be on the team plus many other members to sign up. It doesn't take much time. This is also a way for actives to participate. For information, refer to the Legislative Report.

Thanks again for your time and effort this past year.

**HEALTH SERVICES** by Gordon Bowers

**SKIN, CANCER REMINDER:** It is that time of year. A local doctor, Jeffery Ward is a medical oncologist at Puget Sound Cancer Centers who gives a good summary of this problem. Even from childhood when we sunburned badly, we are at a lifetime risk, even so, if most time is spent indoors. A tip to avoid cumulative damage: Stay out of the sun at its brightest...10 AM to 4 PM.

The battle with skin cancer has three phases: prevention, early detection and treatment. Use sunscreen with SPF 15 minimum containing titanium dioxide to block UVA and UVB. Use tightly woven clothing. Tanning beds are a NO NO!

Early detection means exam your body once a month, use mirrors, look for moles larger than one quarter of an inch that are new, likely to itch or bleed; may be irregular in shape, multicolored or bleeding.

Treatment involves some new drugs, interferon, Ipilimumab are tools used by oncologists, and surgery is the old standby.

Dr. Ward urges, "Buy wide brimmed hat, stock up on the right type of sunscreen, grab a hand mirror and take anything funny looking to your doctor."<sup>1</sup>

**TRICKS OUR BRAINS PULL ON US:** We have had a deluge of brain teasers on how certain clues affect our minds and behavior. A Cornell University professor, Brian Wansink, was intrigued by how peoples mental – emotional reactions were changed by the environment. His position at the college was director of the Food and Brand Lab. He studied behaviors influenced by clues. For example, a restaurant operator called to say that business was bad and what can we do to bring in customers? The answer from the food director was to change the names of the foods they were serving; instead of Italian Pasta, list it as Tuscany Pasta, instead of chocolate cake, call it Black Forest Cake. Sales jumped 27%, people rated the restaurant as better, the chef more competent, staff excellent, all from external clues.<sup>2</sup>

In another experiment on brain teasers, University of Washington Professor Alan Marlatt arranged a wine party for graduate students. All labels were removed from the bottles and students were told two wines were either from North Dakota or California. If students thought the wine was from California, they rated the wine as better, the food better and stayed longer. When students drank the same wine thinking it was from North Dakota, they didn't think either the wine or food was good and left early, unhappy. Amazing how external clues can change behaviors, tastes and attitudes.<sup>3</sup>

**AMERICAN HEART ASSOCIATION ANNUAL REPORT:** This Scientific Sessions Report has in depth studies on heart problems, some new in the medical world: Women with jobs that are high strain have a greater risk of heart disease – 40% higher than women with low stress jobs. Researchers say that the strain results from having little or no control over a demanding job.

More regarding high blood pressure: Deaths from heart disease and stroke vary by geography, race and sex as reported in *Hypertension Journal* of the American Heart Association. The study's lead author, Deborah A. Levine, M.D. MPH says, "Where you live, your race and gender strongly influence your risk of developing high blood pressure as you move from young adulthood into middle age, and hypertension is a major risk factor for heart disease and stroke."

Between 1968 and 2006, deaths from heart disease and stroke fell 65%, but deaths from the same are still higher in the southeast US, higher for blacks, especially black women. Dr. Levine urges that, "People at high risk can benefit from close monitoring of their blood pressure and paying attention to risk factors such as obesity and physical activity."<sup>4</sup>

**GOOD HEALTH NEWS:** For the first in our lifetimes, women's death rate from lung cancer has reduced. It's a small reduction, but hopefully may be a trend. Lung cancer in men started reducing a decade ago, but cancer deaths of all types are still a disease of older adults who are

See **Health Services** page 7

**Health Services** from page 6

increasing in numbers. So it may be a challenge to maintain gains. The American Cancer Association spokeswoman, Elizabeth Ward said, “It looks like we have turned the corner; we think the downward trend is real, and we think it will continue.”<sup>5</sup>

**Friends are the chocolate chips in the cookies of life:** *unknown*

Health articles are welcome, need footnote information for source. On brain teasers, Erma Snook had collected several pages from Nutrition Magazine, full of humorous experiments that explain how our brains pull tricks on us that affect our attitudes and behavior. Marlene Johnson had sent articles on radiation from X-ray, MRI, etc. all good information. *Gordon’s comments.*

**AARP’s Driver Safety Program (55 Alive)**

AARP’s *Driver Safety Program (formerly 55 Alive) Mature Driving Class* is a refresher course teaching preventive measures that save lives when driving. Pay \$12 (AARP members, \$14 non-members) materials fee to AARP instructor at class time. Participants register through Edmonds Parks and Recreation, 425-771-0230. Graduates may have a possible discount on auto insurance. Classes meet 9 AM to 1:00 PM at the Anderson Center, 700 Main Street, Edmonds. For alternate dates and locations, contact Bob Jones at 425-438-2727 or [bobpatjones@frontier.com](mailto:bobpatjones@frontier.com) Note that the class is a “two-consecutive-days class,” which can be selected during the month of your choice.

**Fall 2011 dates**

Sept. Mon/Tues 9/12-9/13

Oct. Tues/Wed 10/11-10/12

Nov. Wed/Thurs 11/16-11/17

**Grant Recipients Describe How They Used the Grants**

Stacey Sateren, 1<sup>st</sup> grade teacher at Lynndale, took her class to the Storybook Theater’s production of “Jack and the Beanstalk” in support of the new literacy adoption. Three examples of thank-you notes from the children:

*“Thak you for giving us money for the bus. My favete port was when the giet was trying to hit Jack. It was fun. I hope you giyes get to see it.”* Ryan.

*“Poem, “You are nice just like love. Thanks for the money. We had lots of fun. Now tell your group that they are nice.”* Matua.

*“Thank you for getting money for the bus. Thank you poep. You are great. Jack and the beantock was fun. Lets go again.”* DeKlund.

Carrie Misener, 3<sup>rd</sup> grade teacher at Brookside requested funds to build up her collection of non-fiction books. She purchased books about different animals.

Sandy Sanders, 1<sup>st</sup> grade teacher at Brookside purchased new math games to replace worn out ones. The games featured in these pictures are Paradux, Quixo, and Exago. The students used these games during class time and showed them to their parents during the school math night.

Julie Moe, 2<sup>nd</sup>-3<sup>rd</sup> grade teacher at Brookside requested funds to build up her collection of non-fiction books.

Jill Walzer, 3<sup>rd</sup> grade teacher at Lynndale brought in guest artist Bonnie AuBuchon to teach art lessons that were integrated with the curriculum in science and social studies. The children drew pastel drawings of animals they were studying. They made clay pottery to go with the tribe of Native Americans they were studying in social studies.

Linda Berthelson, librarian at Briarcrest Elementary requested 2 Flip Video cameras. She says, “Thank you for the grant. These flip camcorders are the greatest, so easy to use! The kids love them!”

## Legislative Report from Rita Requa

The Washington State Legislature completed its work in May and passed laws and a budget that profoundly affects both active and retired members of SKSR.

### FOR RETIREES:

In the budget there is a reduction of the explicit medicare eligible subsidy for health insurance from \$182.50. To \$150. And according to the Health Care Authority, regardless of which medicare plan one has, premiums will increase: Uniform Medicare Plan - a 31% Increase from \$194.13 to \$255.00; Group Health from \$137.51 to \$147. These changes will take effect January 2012. At this time there is no information about PEBB expected higher co-payments or higher deductibles. That information will be sent to you sometime in late summer-early fall. How will this affect you? Add \$32.50 and the increase in premiums to see how your health insurance costs will be increased for 2012.

SHB 2021 passed; the Plan I COLA is GONE. The Uniform COLA used an "annual increase" amount which increased by 3% a year, which when calculated with the retiree's number of years of service, resulted in a monthly benefit increase. The COLA will be retained for those whose monthly retirement benefit is less than \$1500. Once your retirement benefit reaches \$1500 a month, the COLA is gone for you.

### FOR ACTIVES:

The budget cut approximately \$2.5 billion from public education over the next two years, which included pay cut of 1.9% for nearly all educators. Unions and school boards will have to tackle the pay cuts locally. The budget suspended the voter-approved Initiative of 728 and 732 which funded smaller class sizes and educator cost-of-living adjustments.

WSSRA was successful in foiling attempts to raise the Plan 2 & 3 retirement age to 65. The retirement age for Plan 2 & 3 is retained at 62.

Because of I-1053 legislators were unable to raise the revenue needed for education and retirement purposes.

I hope those developments make you angry. Ellie Bonnano has decided to retire from the WSSRA Legislative Committee. Your new Legislative Committee member, Rita Requa, is meeting individually this summer with Legislators from the 1st, 32, and 21st to discuss retirement issues;

1. Our anger about abolishment of the COLA which we want reinstated as soon as possible.

2. Immediate stop of "take aways" i.e. health benefits  
3. Positive steps to stabilize the pension system (PERS and TRS 1) and support of Treasurer McIntire's recommendations.

If you would like to be part of these discussions, please contact Rita Requa, 206-362-5220 or [rrequa@comcast.net](mailto:rrequa@comcast.net)

### 2011 CONVENTION HIGHLIGHTS

**President's Theme**—"Galloping Toward Our Goals" (*Louie Osmonovich*)

**Special Honor**—Betty Odle was honored for having attended 29 WSSRA Conventions!

*Past WSSRA President Rita Requa installs members of the new WSSRA Board.*

**New Business Item**—It was voted that the WSSRA Executive Board contact the Retired Public Employees Council to discuss their proposal suit to restore the Plan 1 COLA and, if this is judged legally viable, that WSSRA join the suit" (*A motion by Edith Ruby, Seattle Unit 20*)

**Convention Speaker**—James L. McIntire, Washington State Treasurer, spoke about "Pension Funding Reform for Washington State". The average annual public pension is just under \$20,500." Obtain this document by writing State of Washington Office of the Treasurer, Legislative Building, P.O. Box 40200 Olympia, Washington 98504 1-360-902-9000) (*See article p.9*)

**Retirement Seminar**--"The average American only has \$2,500 in savings when they retire. This is not enough to last. Start savings NOW!" (*Alice Bingaman*)

**Treasurer's Session**—"I attended this session and several speakers spoke briefly about record-keeping, building a budget, and audits. Audits should be done whenever there is a change in treasurers and bank accounts and the checkbook should agree." (*Donna Murrish*)

**Outreach Committee on Newsletters**—Bruce and I presented a session on Newsletters. I presented 12 "quick fixes" to make your newsletter look more professional, and Bruce talked about "Points to Ponder" when planning and producing a newsletter." (*Jo Caldwell*)

**New PAC Treasurer**—Joan Penewell, Sno-Isle Unit, was elected the new PAC Treasurer.
